## WATSON VOTES ARE ADVERSE TO LABOR

Record in Senate Shows He  
Opposed 8-Hour Law and  
Supported Anti-Strike

INDIANAPOLIS, Ind., Oct. 15.—Senator Watson upheld his opposition to labor during his term in the senate, a study of his votes reveals, either dogging important measures, or casting his ballot against them.

On the Adamson eight hour act neither Watson nor Harding found it convenient to be present.

Each of them supported the anti-strike provision in the Esch-Cummins railroad measure, and Watson opposed Senator Stanley's motion to strike out the section relating to the settlement of disputes in the railroad bill. On the second roll call on the motion both Watson and Harding were absent.

Watson voted against the inclusion of short lines in the railroad control bill, opposed limiting federal control to six months after the war, and opposed measures designed to limit the income of carriers to 5 per cent on the par value of their capital stock. He also voted against a measure limiting their income to 6 per cent.

**Favored Stop Watch System.**  
The Indiana Senator voted to strike out an amendment against the stop watch and bonus systems for government workers. He found it convenient to not vote on two motions designed to prohibit expenditure of money for the installation of the stop watch system and the payment of premiums and bonuses to employees.

Nor did he vote on an amendment providing that all time over eight hours shall be credited to the employee and the extra time allowed as leave with pay at convention time.

An amendment specifying that no funds should be used for the payment of any salary in excess of \$12,000 to any civilian employee for the War Department, or to any officer below the rank of major general was opposed by Watson.

Watson was absent when the Senate voted on the Bankhead amendment "providing that when any employee in the postal service under the law is entitled to compensatory time for Sunday or holiday service, if he so elects he may be paid overtime in lieu thereof." Harding also was absent on that ballot.

## BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to stop into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold falling away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

He was not present when the Child Labor law was passed, nor was Harding. The Indiana senator also failed to register a vote on the passage of the minimum wage bill designed to "protect the lives, health and morals of women and minor workers in the District of Columbia and to provide for the fixing minimum wages for such workers."

## Official Statement Says Germans Had Irish "Sub" Bases

By WILLIAM MALLABAR  
(STAFF CORRESPONDENT L. N. SERVICE)  
LONDON, Oct. 15.—Premier Lloyd George charges that the Irish gave assistance to the German submarine campaign during the world war was backed up by the Irish office today. In an official statement issued by the Irish office, it is declared that submarine bases were discovered on the Irish coast.

## Grandparents Galore

ANSELMO, NEB., Oct.—Ten grandparents, including a great-great-grandfather, is the unusual distinction of Ronald R. Williams, the month-old babe of Mr. and Mrs. Rollo Williams. The parents of both the mother and father are living; the father's two grandfathers and one grandmother are alive and the mother's two grandmothers are living, besides the grandfather of one of the grandfathers.

## MOTORS BRING NEW WORDS

If Daniel Webster could come back to life long enough to revise his dictionary, he would find thousands of words unknown in his day. Nearly every day a new word is added to the American vocabulary. The latest, which promises to prove popular due to the increasing use of the motor truck, is "Truckporation," coined and formally adopted by the Good-year Tire & Rubber company. Meaning "to carry by truck," the new word is expected to supersede the rather awkward phrase "Truck transportation."

Had Enough of That Number.  
A North Carolina man whose automobile license was numbered 13 sent it back to the secretary of state with a letter saying: "The first day I rode with it, I lost \$13, and the second day I lost 13 inches of skin off my leg. Please send me a safer number." He got it.

Only Real "Failure."  
I'm proof against that word "failure." I've seen behind it. The only failure a man ought to fear is failure in cleaving to the purpose he sees to be best.—George Eliot.

Saturday evening, October 16th, dance at Masonic Temple, East Chicago by Mooseheart Legion. Best music. Everybody invited. 10-10-1

## CASTOR OIL NOW MADE TASTELESS

Remarkable Process Perfected by Chemists of  
Spencer Kellogg & Sons, Inc.

Nobody ever dreamed that the nauseating taste could be removed from castor oil. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is freed from all nauseating taste. Nothing is removed except the taste. Strength and purity remain absolutely unchanged—a 100% pure castor oil; the same castor oil that your doctor prescribes, but with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grown-ups. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labeled Kellogg's Tasteless Castor Oil. Three sizes, 1 lb., 5 lb., and 50 lb.—Adv.
